

ATLANTIS MASTERS SWIMMING CLUB

Enjoy swimming

Atlantis encourages and celebrates the joyful expression of swimming, with a focus on building individual endurance and speed. Together we can achieve more.

PRESIDENT'S REPORT

April 2016 – March 2017

Well another year has passed and we are still swimming and having fun. In last year's report Ruth said that our primary goal was "swimming" so I can say we have had success.

There has been many new members come on board to add new support to our club and for which I am thrilled. The members who have been with us for a while have had their ups and downs but all seem to be improving with the passing of each year, thanks to their tenacity and the great level of coaching we receive.

The club has increased its participation in the Winter Interclub Series and we have again taken out the trophy for Overall Winner.

The Summer Pool Series has been less successful but hopefully with more members taking up the challenge we will earn next year's trophy.

Our Open Water Swims continue to be a huge success in terms of organisation, participation and fund raising.

The success in fund raising has been crucial to keeping our membership fees as low as possible. Our Open Water Swims were financially successful as well as this year's "Bunnings Sausage Sizzle" which was a great success. I would like to sincerely thank everyone who volunteered their time at all of our fund raising and social events.

I would also like to especially thank all the committee members who have worked tirelessly to ensure the smooth running of our club.

In closing I would like to thank every member of Atlantis Masters Swimming Club for their support of Atlantis Club and for making it enjoyable for me to be involved.

Again, thank you.

Tom Bland
